

12 December 1978

MEMORANDUM FOR: Chief, Management and Assessment Staff, DDA

FROM: [REDACTED]

STAT Plans & Systems Staff, OF

SUBJECT: Communications Support Requirements - FY 1981-1985

1. The Office of Finance continues to have the same requirements for communications support as it did last year. No new requirements have been identified.

ILLEGIB 2. These requirements in priority order are briefly described below:

- [REDACTED]
- a. Terminal access to the Agency's VM system [REDACTED] for training purposes.
 - b. Circuitry to handle anticipated terminal and minicomputer installations and usage at outlying buildings, including stable lines with an equally stable back-up system.
 - c. Office of Communications continued participation in the CRAFT project in order to program their support as the system is designed.
- [REDACTED]

3. The above is our best estimate of requirements related to the Office of Communications. Should any additional information be required please contact me on extension [REDACTED]
